Portfolio: trey-tayler-smith.netlify.app/Resume

A full-stack web developer with 7 years of experience in both front-end and back-end development. Starting with Java in high school, I transitioned to game development, gaining experience in UX/UI design, Audio Engineering, and collaboration with creative teams. After shifting to web development, I focused on building responsive websites, dynamic web applications, and API integrations, with a strong understanding of the full development lifecycle. Committed to creating user-friendly digital experiences and delivering innovative solutions in a collaborative team environment.
